MEMORANDUM FOR: Deputy Chief, WH/SA

ATTENTION: [REDACTED]

25X1A9a

SUBJECT: [REDACTED] Medical Position

25X1A2g

1. The attached memoranda requests that the Clandestine Services provide a ceiling position to the Medical Staff in order that the latter staff can provide medical support for [REDACTED]

25X1A2g

2. In view of the current shortage of available ceiling spaces, the BDP/GP has suggested that your office consider the employment of a qualified medical technician in a contractual capacity for this assignment. It would seem that the nature of this assignment is such that it would be logical to fill it by a contract employee.

3. If you feel that this solution is not appropriate, please indicate whether or not another WH/SA position could be abolished to provide the ceiling required for the [REDACTED] position.
